

Interesting observations in 2015

*Audience participation will be
requested*

Rationale

- Ethos of the meeting
- Bringing together
- Inspiring future investigation
- Quality control/
co-ordinators

Marine Discovery

A large shark is breaching the surface of the blue ocean, creating a splash. A bird is perched on the shark's back. Another bird is flying in the air above the shark. The background is a vast expanse of blue water under a clear sky.

Marine Discovery*

Over to you

- Weather – Oceanography – Plankton (including jellyfish)
- Benthos including intertidal
- Fish – including sharks, basking sharks and sun fish
- Birds - including turtles – (yes, I know turtles aren't birds!)
- Seals
- Cetaceans
- Management issues
